## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 10-12 and 14-16 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or fairly suggest a process for film deposition in which a film is deposited on surfaces of a substrate in a vacuum chamber capable of maintaining a vacuum therein, which comprises substantially vertically traveling a continuous sheet as a substrate; and continuously conducting a film deposition on the surfaces of the continuous sheet; the film deposition being conducted substantially horizontally on the surfaces of the substantially vertically traveling continuous sheet by **film depositors provided directly across from and facing each other** on opposite sides of the continuous sheet, and **the continuous sheet being a non-woven fabric having a mass of about 5 to 300g/m<sup>2</sup>**.
3. The closest pieces of prior art are USP 2,996,412 to Alexander; USP 4,826,707 to Schwarz et al.; USP 5,196,100 to Goffetre et al.; and USP 5,711,994 to Powers et al. However, none of Alexander, Schwarz et al., or Goffetre et al. fairly teach or suggest practicing the deposition method on a continuous sheet of non-woven fabric having a mass of about 5 to 300g/m<sup>2</sup>. Powers et al. fails to teach a method comprising two film depositors directly across from and facing each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karla Moore whose telephone number is 571.272.1440. The examiner can normally be reached on Monday-Friday, 8:30am-5:30pm.
